

Adolescent Siblings

We are interested in how having a brother or sister impacts 12 to 18 year old adolescents. We invite a parent and sibling from families with 2 children to fill out an online survey. Families with and without children with disabilities are welcome to participate.

One adolescent and one parent will be asked to:

- ❖ Go to this survey link.
<https://redcap.vanderbilt.edu/surveys/?s=RbeQdw>
- ❖ Respond to questions about himself or herself and his/her family, 20 minutes for parents, 15 minutes for adolescents.

For completing the survey, you will be entered in a drawing for one of 40 \$50 Target gift cards. You will have approximately a 1 in 10 chance of winning a gift card.

If you would like a paper copy of the survey mailed to you, contact Carolyn Shivers, MS with your address.
