UNIVERSITY OF CALIFORNIA, IRVINE

Memory and Vision

Time Commitment: Between 90 minutes and 2 hours total

Where: Mutually agreed upon location. This may be on campus, schools, or organizations for visually impaired individuals

Would you like to participate in a research study to understand how blind and sighted individuals remember information? Through this study, we may understand how to better educate blind students and design more effective products for all.

Eligibility. May be either sighted or legally blind. Must be between 18-50 years old.

You are ineligible if you have any additional neurological or developmental disabilities other than visual impairment or a recent history of illegal drug use.
