# **BOARD OF DIRECTORS REPORT**

To: David A. Genova, General Manager and CEO

From: Michael Ford, Chief Operations Officer

Date: January 8, 2020

Subject: May 2020 Service Changes Discussion

## DISCUSSION

To meet the diverse travel needs of the citizens of the District and maintain a high-performance, sustainable transit system, RTD has developed a networked family of services for which the different classes of service have different expectations of performance. We will continue adjusting services in response to changes in ridership and operational performance of the transit system as a whole. It is also our responsibility to identify services that are underperforming and recommend modifications, curtailment or cancellation of service as warranted or recommend new service as changes in the community warrant and resources allow.

The proposals herein include a mix of service adjustments and reductions aimed at addressing an operator shortage which has resulted in increase in loss of service and service unreliability. As presented in the December 19, 2019 Board of Director's Study Session, this proposal seeks to reduce the number of operators necessary to provide RTD's transit services, thereby better matching our service offerings to our operator headcount. The Board adopted Service Standards were used as a guiding policy in the development of this plan, which include consideration toward ridership performance and service duplication.

We will monitor customer response to the implementation of these service changes and propose adjustments and service alternatives as appropriate in future service change recommendations.

The guiding principles for proposed service changes continue to be:

- Service performance evaluation based on the RTD Service Standards;
- The effects on the overall integrity of the transit network and on transit dependent markets;
- The availability of alternative services to affected riders;
- Cost-effective distribution throughout the District and Family of Services and the ability to enhance service when possible;
- Title VI of the Civil Rights Act: benefits and services are provided without regard to race, color or national origin; also disparate effects on low income and minority populations; and
- Response to changes in the communities where services are provided

## SUMMARY OF PROPOSED SERVICE CHANGES

## Routes proposed for service reductions:

Route OL - South Broadway: discontinue selected peak period trips

<u>Route 1 – 1<sup>st</sup> Avenue:</u> reroute to Alameda Station and discontinue service east of Bannock Street Route 16L – West Colfax: discontinue service

**Route 32** – **32**<sup>nd</sup> **Avenue/City Park:** discontinue service east of Downtown and west of Wadsworth Boulevard

Route 55 - Old Town/Arvada Ridge: discontinue service

Date: January 8, 2020

GM

Board Meeting Date: January 14, 2020

Route 65 - Monaco Parkway: reduce Sunday service frequency from 30 to 60 minutes

Route 67 – Ridge Road: reduce service frequency weekday

Route 99 - South Kipling: discontinue weekday and Saturday service

Route 99L (formerly Route 100L) South Kipling: discontinue service

Route 125 - Youngfield/Ward: discontinue service north of Ward Road Station

Route 130 - Yale/Buckley: reduce peak frequency from 15 to 30 minutes

<u>Route 139 – Quincy:</u> discontinue weekday 5:13am, 5:41am Saturday 5:56am eastbound and 4:40am westbound trips

<u>Route 153 – Chambers Road:</u> reduce peak frequency from 15 to 30 minutes between Aurora Metro Center and Peoria & Smith Road Stations

Route 157 – CCA/Buckley: discontinue service

<u>Route 206 – Pearl/Manhattan/Fairview High School:</u> discontinue weekday mid-day service and remove route between Boulder junction at Depot Square Station and Arapahoe/55<sup>th</sup>

Route 236 - Boulder Junction/US 36 & Table Mesa: discontinue service

Route 403 - Lucent Boulevard: discontinue service

<u>Route 483 – Parker Road/Lincoln Avenue:</u> reduce peak frequency from 30 to 60 minutes from Parker pnR to Lincoln Station

<u>**Route Jump - Boulder Lafayette via Arapahoe:**</u> reduce frequency to hourly weekday midday, east of 63rd/Arapahoe-Lafayette pnR

<u>**Route MALL** – 16<sup>th</sup> Street mall Shuttle:</u> reduce peak frequency from 90 to 180 second frequency weekdays

Route Y - Lyons/Boulder: reduce service to 2 AM and 2 PM peak trips

Route 116X South Simms: discontinue one AM and one PM peak trip

Broncos Ride: discontinue service

BuffRide: discontinue service

Rockies Service: discontinue service

RunRide: discontinue service

C Line - Littleton Mineral-Denver Union Station: add base period service on weekends

D Line - Littleton Mineral- 18th&California: discontinue service on weekends

H Line - Florida Station - 18th & California: reduce Saturday service frequency

<u>**R Line - Ridge Gate- Peoria & Smith Rd Station:</u>** Reduce base period service frequency to 30 minutes weekday and weekends.</u>

# Routes proposed for mixed service improvements/ service Efficiencies:

<u>**Route 16**</u> – <u>**West Colfax:**</u> add service to offset loss of 16L to Golden and remove route segment to Federal Center

<u>Route 27 – East Yale Avenue:</u> combine with Route 46 north of Yale Avenue and discontinue service south of Hampden. New south terminal at Southmoor pnR

<u>Route 46 – South Dahlia Street:</u> combine with Route 27 south of Yale Avenue, replacing former routing <u>Route 66 – Arapahoe Road:</u> cutback Route 66 from Arapahoe Crossing Shopping Center to Arapahoe at Village Center Station

<u>Route 153 – Chambers Road:</u> extend Route 153 from Arapahoe Crossing Shopping Center to Arapahoe at Village Center Station

# Routes proposed for routine running time analysis/schedule adjustments:

Route 15L – East Colfax Limited: running time analysis, schedule adjustments

**Changing to summer service levels for routes BOUND, DASH, JUMP, SKIP, and STAMPEDE** Other route related interline changes as result of a change to summer service levels: (204, 225, 206/206F, 208/208F and Y.

### **FINANCIAL IMPACT**

The overall estimated financial impact contained in this proposal includes a base system cost savings of approximately \$10.2 million and a FasTracks cost savings of \$2.2 million. The operator requirement impacts are an estimated reduction of 50 FTE on Bus and 12 FTE on Rail.

#### **PUBLIC HEARINGS**

There are 15 to 20 public hearings that are currently being arranged to be held between February 17<sup>th</sup> and March 5<sup>th</sup> in Arvada, Aurora, Boulder, Denver, Englewood, Highlands Ranch, Lafayette, Lakewood, Littleton, Ken Caryl, Parker and at the Blake Administration Building Rooms T & D.
