“I am honored to act as Honorary Chairperson of the ITN Walk for Rides. Providing transportation to seniors, keeping them social and giving them the ability to be independent is so important to their health and well-being.”

Joe Ravalese
Honorary Community Chairperson
Owner, Country Diner Restaurant

“About three years ago I woke up and everything was foggy, I had totally lost all my vision in my left eye and I had less than half of my right eye. Of course when you cannot drive, you are barely able to get around. I felt as though most of my life had been taken away. ITN® has given me a life again. I can do the shopping I need, keep medical appointments, go to lunch with friends. The drivers are wonderful; when necessary they will accompany me in a store to find something I need. There are no words that describe how important this program has been to help me live my life without burdening family and friends. Please support this life giving service.”
