

GOALBALL

A GAME FOR KIDS & ADULTS WITH VISUAL IMPAIRMENTS

WHEN

**Tuesdays Feb 24th -
April 28th
6pm—8pm**

WHERE

**Chapter 126 Sports & Fitness
47 Upson Street, Bristol CT**

Goalball is an extremely simple game to learn that allows you to use your senses. A sport exclusively for athletes with visual impairments but can be played by anybody. The object of the game is to roll the ball into the opposite goal while opposing players try to block the ball with their bodies. Bells inside the balls help orient the players, indicating the direction of the on-coming ball. This 10 week program will have you playing like a professional in no time.
