Covid-19 does not affect every neighborhood equally. Where you live affects your social networks, employment, education, transportation, and so much more. All of these things have been affected by the Covid-19 pandemic in different ways and to different extents. Join the CHRO for a discussion on how your ZIP code impacts all of these things and interacts with race, color, and national origin discrimination to change how the pandemic affects all of us.

Join the CHRO on November 12th from 10:00 am to 12:00 pm for a webinar on the pandemic and discrimination. CHRO personnel will be available during and after the event to take complaints of discrimination.
