

Early Voting for People with Disabilities

- Why is Early Voting important? It's important because it locks down your vote IN ADVANCE.
- You can never predict what will happen on Election Day – you might get sick, some emergency might happen, the toilet could overflow, or unexpected surprises might prevent you from getting to the polls. There are a lot of ways to mess up one day's plans. Vote early and have peace of mind.
- With your early vote in, you can also spend Election Day getting out the vote among your people!

Vote early, be safe, be counted!
