**What:** “Buddies” will gain important blindness skills along with the empowering attitudes about blindness and exposure to the National Federation of the Blind (NFB) while exploring and experiencing the wonderful Twin Cities.

**Program:** Buddies will stay in the beautiful BLIND Inc. mansion, which once belonged to the Pillsbury family. They will learn Braille reading and writing, cane travel, adaptive technology, independent living skills, and much more! Buddies will also have the ability to craft new friendships with their blind/low vision peers that will last a lifetime! Buddies will have an educational and recreational experience with program counselors, most of whom are blind college students. Buddies will learn to prepare meals under the supervision of the instructors. Buddies will also learn how to travel effectively using the award-winning Minneapolis public transit system! These skills will be beneficial for a lifetime!
