

Eat & Earn Night Guidelines

- 1) Organization nights are done only on Mondays and Wednesdays.
- 2) The order types eligible to receive 20% back to your organization are pickups, carry outs and dine in. Delivery orders are not eligible.
- 3) The sale totals we use to calculate the percentage donated to your organization are calculated before tax and gratuity.
- 4) We try not to overlap different organizations on the same dates and locations to avoid confusion so we limit one organization per night per location.
- 5) Vouchers must be turned in for the order to be counted and used to calculate the percentage donated to your organization.

How the Organization Nights Work

- Dates and locations must be coordinated with Amanda. Please contact at amandagaretto@beggarspizza.com.
- Amanda will then create a voucher with your organizations information, as well as the fundraising night information.
- Once the voucher is reviewed and approved by your organization you can distribute to friends, family and supporters of your organization.
- For an order to be eligible to receive 20% back to your organization- the day of your event the voucher must be turned in to a Beggars Pizza employee. This voucher will be stapled to the final ticket and will then be counted towards the percentage the organization will receive.
- All tickets and totals will be tallied up and 20% of the sales (before tax and gratuity) will be donated back to your organization. A copy of the ticket totals and a check will then be mailed to your organization.

To set up a Date or to Request Information

Please contact Amanda at amandagaretto@beggarspizza.com for more information or to setup an “eat and earn” organization night with Beggars Pizza. Thank you for your interest!
