

BIT Candidate Workshops “Tell Me About Yourself”

“Tell Me About Yourself”... How to create a synergistic blend of your resume, LinkedIn profile, and interview to effectively tell your story.

Every person has a story to tell but how do you craft it in a way that will grab the attention of a hiring manager in as quick as a blink of an eye? BIT presents a two-part workshop for our BIT candidates focusing on building a resume, LinkedIn profile and interview responses that will answer this all-important question and set you on the path to a successful job search.

The first segment in our workshop will focus on the purpose of the question “Tell me about yourself” in the three elements of a job search – the resume, LinkedIn profile and the interview. We provide you with the tools to transform your resume from a task-oriented list to a document that will highlight your soft skills with result-based evidence that will immediately catapult you to the top of the pile. We then focus on how to tell your interviewer about yourself with maximum effectiveness within a minimum amount of time, gaining the interest of the hiring manager and setting the tone for the remainder of the interview.

The second segment of the workshop will dive deeper into the interview, identify additional stress questions, and tips for preparing for any interview. Attendees will have the opportunity to break into small groups to practice their newfound skills.

This is a can't miss workshop for those who want to stand out in the stack of resumes and leave a positive impression with your interviewer. There are limited spaces available, so don't delay in connecting with us to become an attendee.

Part One:

- When:** Wednesday, September 23 from 11:00 am to 12:30 pm MST
- Where:** Zoom Conferencing – meeting link will be provided with receipt of registration
- Who:** Current and future BIT candidates
