

ACCESSING TECHNOLOGY AND OPTIMIZING INDEPENDENCE

When: March 13, 2013 from 4:00 PM to 6:00 PM

Where: Blind Industries and Services of Maryland (BISM)
2240 Northwood Drive
Salisbury, MD 21801

Who: Blind and low vision students (ages 14 & up), parents, teachers, counselors and other professionals concerned with transitioning youth.

What: This interactive workshop will enable participants to try out assistive technology and accessible out the box technology. Blind students and young adults will also learn ways to optimize their independence as they transition from high school to adulthood in order meet their personal, professional and scholastic goals. The workshop will be administered by BISM staff experienced in providing training to the blind, including successful adult blind role-models.

*How many things
that I once regarded
as requiring eyesight,
really only required
insight? -
Dr. Kenneth Jernigan*

*Imagine a world in
which every single
person on the planet
is given free access
to the sum of all
human knowledge.
That's what we're doing.
Jimmy Wales*

Format: Feel free to attend this workshop at any time between 4 pm and 6 pm.
To get an idea of how many people will attend the workshop, we ask that you RSVP your intention to attend to Dan Wenzel at dwenzel@bism.org or (410) 737-2642 by Monday, March 11, 2013. Snacks and refreshments will be provided.
Please feel free to contact me if you have any questions.
