

CAVALIA'S ODYSSEO - BLIND TOUCH TOUR

WHAT: Cavalia's *Odysseo* is a larger-than-life production created by Normand Latourelle, co-founder of Cirque du Soleil. Featuring 64 horses and 49 artists, *Odysseo* marries the equestrian arts, stage arts and high-tech theatrical effects at never-before-seen levels. A veritable revolution in live performance, *Odysseo* comprises a list of superlatives: the world's largest touring big top, the biggest stage, the most beautiful visual effects, and the greatest number of horses at liberty.

With the collaboration of the Columbia Lighthouse for the Blind, *Odysseo* is proud to organize a special interactive tour for visually impaired kids. The children will discover Cavalia's world through a variety of senses including touch, sound and taste. Member of the cast will guide them through this one-of-a-kind experience, as they are allowed to touch the horse's soft coats, feel their warmth, brush & groom them and much more!

WHEN: **WEDNESDAY OCTOBER 30 12:30PM - 2:30PM**
Visit starts at 1pm

WHO: Students with visual impairments between the ages of 5 to 10 years old with one (1) parent or educator.

WHERE: Under Cavalia's White Big Top at The Plateau in National Harbor
