#### **Here are some of the more popular sites for specific job search, career fairs, and career management information:**

For Job Seekers looking for pertinent, relevant terms for their resumes you might visit the Occupational Information Network's database of job descriptions at <http://online.onetcenter.org/help/online/tips>. There are descriptive terms for most of the standard career fields.

For companies that require security clearances it is strongly recommended that the following format be incorporated into your resume. In your "Heading" (your name, street address, city and telephone) be sure

to show your e-mail address and your security clearance immediately below. These are the first two items the recruiter and the company want to know whether at a job fair, when pulling your resume off the web or when you send your resume electronically, by fax or snail-mail.

Check [www.InformationCareers.com](http://www.InformationCareers.com) for IT opportunities outside of the areas requiring security clearances. More and more opportunities are being identified in Competitive Marketing, Information Management and Knowledge Management fields. Currently those without clearances will need to show previously held positions that required a clearance. Check [www.IntelligenceCareers.com](http://www.IntelligenceCareers.com) for positions listings. The latest edition to this family of websites is [www.ThinkingJobs.com](http://www.ThinkingJobs.com), a site for opportunities that do not require a security clearance.

Another excellent resource for the Job Seeker is [www.careerxroads.com](http://www.careerxroads.com) for the quality information on web sites, and also for niche sites and the Nonprofit arena. When looking at Nonprofits and you require financial information go to [www.guidestar.org](http://www.guidestar.org).

A site for Technology Professionals that lists technical groups and their meetings, by geographic or subject area is [www.JobCircle.com/public/events](http://www.JobCircle.com/public/events).

A site for nonprofits, their management, general data and salary information is BoardSource, formerly the National Center for Nonprofit Boards, is [www.boardsource.org](http://www.boardsource.org).

Check out the web site [www.idealists.org](http://www.idealists.org) for quality information and periodic Job Fairs for the Nonprofit arena usually scheduled with area colleges and universities. You can also post your resume with this site.

For Job seekers both in and outside the Washington/Baltimore area that are looking for listings outside the mid-Atlantic area, check the listed career fair providers for the listings of their scheduled career fairs across the US.
