Subject: Square Integration Update and Pending Web Coordinator Resignation
Date: Wednesday, April 22, 2026 7:40:00 PM

Dear Members of the Board,

I hope this message finds you well, and congratulations on your recent election to the Board of Directors of the National Federation of the Blind of Arkansas. I wish you continued success as you begin your terms and carry forward the important work of the organization.

Prior to the state convention, Erin Rodney and the web developers engaged by the National Office began fully integrating Square into the nfbar.org website. This work has been conducted on the staging site to ensure all functionality performs as expected before deployment to the live site. Initially configured in test transaction mode, I received confirmation yesterday from Erin that the integration has now been moved to live transaction mode on the staging site.

As part of this next phase, I will conduct production (live) testing of the Square integration on the staging site to verify that payment processing and related features function accurately and reliably. I will document my findings and share feedback with Erin Rodney at the National Office. Following the completion of this process, I will be formally submitting my resignation as Web Coordinator for the NFB of Arkansas. Having served in this role since 2020, for a total of six years, it has been a privilege to support the organization's web presence and digital accessibility efforts. I am committed to supporting a smooth transition and am available to assist with documentation, answer questions, or provide guidance as needed.

Thank you, and I wish the Board continued success in your service to the Federation.

Sincerely,

Brian A. Mackey
