

# Magnifying America

## Low Vision & Hearing

**FREE**

**Thursday, March 7, 2019**

**1:00 - 3:00 pm**

**200 N. Vineyard Blvd, Ste 430, Honolulu 96817**

Demonstration of:

- **Patriot brand of low vision products** for home, school, work, or on-the-go
- In-home personal and health **safety alert system**
- **Loop amplification** technology in public places for those with **hearing loss**

Unique features utilizing:

- iPad and Android tablets
- Patriot ViewPoint smartphone headset
- Patriot Voice Plus text-to-speech reader

Charles Palmer, Director of Sales with Patriot Vision Industries, will be demonstrating the Patriot brand devices. Patriot Vision Industries is a nationwide design and manufacturing spinoff company of Magnifying America, founded by John Palmer (Charles' father) 33 years ago. Additionally, James McCarthy, who has a 30-year career in assistive technology with the visually impaired and hearing loss communities, will talk about an in-home personal and health safety alert system. James will also talk about loop amplification technology in public places for those with hearing loss.

**Questions?** Call James McCarthy, 650-793-3558
