

Please join us for a Parents of Blind and/or Low Vision Children Meeting

Learn about the history of the NFB Parents of Blind Children division. Meet and hear from parents who attended the NFB National Convention and had kids in the BELL program. We need your input in forming a parent group. We want to know what is most important to you on this unique journey of raising a child with the extra added twist of vision challenges. What types of services, resources and support would be beneficial to you and your family? Hope to see you there!
