Introduction to Music Rehabilitation Center

The Music Rehabilitation Center for the Blind was established by the Ministry of Health and Welfare funding in 2012. We provide various musical activities and opportunities to improve visually impaired people's psychological comfort, self confidence, social adaptation ability, and potential music talent. We make a great effort to support music activities and train them as professional musicians.

- ★ 『**Production and Supply Business of Braille Music Score**』 for the visually impaired's learning music
- ★ 『**Management Business of Braille Music website**』 for supporting the visually impaired's music activities around the world
- ★ 『**Business of Music Rehabilitation Academy**』 for supporting the visually impaired's professional music education
- ★ 『**Business of Sharing Music**』 to improve awareness of visual disabilities
