### Invitation letter

Dear colleagues,

We would like to invite you to take part in the 80th annual convention of the National Federation of the Blind being held online 14-18 July. Within the framework of Convention engineers of 4Blind company will present unique innovative solutions, which would significantly affect the market of technical aids for people with disabilities:

- solution that allows a deaf-blind person to speak using a synthesized voice and to hear other people
- solution that allows a totally deaf-blind person to get full access to all functions of a touch-sensitive mobile phone
- solution that allows people with low finger sensitivity to use Braille for reading

These solutions have already been successfully demonstrated at the Helen Keller National Center for Deaf-Blind Youths & Adults in New York and at Canadian National Institute for the Blind in Toronto.

4Blind LTD is an engineering company that since 2016 has been engaged in research, development, creation and production of innovative engineering technologies to rehabilitate and improve the lives of people with visual and hearing disabilities.

Presentation will take place twice at the following times:

- 14 July, 10:30 a.m. ET
- 14 July, 12:30 a.m. ET

Please pay your attention, in order to get access to the conference virtual exhibit hall you need to sign in via web:

- Visit: [event.crowdcompass.com/nfb20](http://event.crowdcompass.com/nfb20)
- Enter event password "nfb2020"
- Find 4Blind in Exhibitors section

We'd be glad to provide additional information and answer your questions.  
See you at NFB20!

Best regards,  
CEO 4Blind LTD  
Fedor Belomoiev
