

CELEBRATE URBAN BIRDS 2016

Sat. May 7th, 2016

10:00am-2pm

Gallup Park Canoe Livery

3000 Fuller Rd.,

Ann Arbor, MI 48105

(734) 794-6240

Come **celebrate** the wonderful array of bird species in southeastern Michigan with the Michigan Birdbrains – a group of youth and young adults who are blind or visually impaired who have learned to identify and enjoy our fabulous Michigan birds by sound, not by sight!

From the returning migratory birds to the wintering residents of the landscape we will join in **celebration** of the songs and sounds surrounding us in our urban habitat. All are welcome to join in the fun! If you are blind or visually impaired, this is a special treat, as the focus will be on what our birds sound like and not on what they look like!

Schedule of Events

10:00am Registration

10:30am Birding Hike
