

Apple Accessibility

We've done everything
possible to make
anything possible

Apple Store Saint Louis Galleria
Saturday, May 16th, 2015
8–10am

Apple provides assistive technologies to help bring success to all people with disabilities. Join fellow educators, professionals, and parents to learn innovative accessibility features of our products. Apple helps people compensate for learning differences and inspires them to achieve their best — regardless of physical or learning disabilities.

RSVP now to saintlouisbusiness@apple.com

An American Sign Language interpreter will
be present at this event.
