

WHAT DRIVES YOU

What is the

## **WHAT DRIVES YOU** campaign?

*What Drives You* is a project to evaluate Greater Dayton RTA's current transit system, identify strengths and weaknesses, and develop a network for today and tomorrow. We will assess existing/projected conditions while developing short and long-range recommendations to create a more efficient and effective transit system for Dayton.

**Our community is evolving.**  
Your transportation options should, too.

# *Reimagine RTA.*

## Tell us what drives you.

**Take the survey!**
