Who We Are & What We Do

The National Federation of the Blind, the oldest and largest organization of and for the blind in the US, is made up of blind/visually impaired people of all ages, and their families and friends. We help newly blind people adjust to eyesight loss, assist parents and teachers of blind children, and promote the full participation and integration of blind people in our communities. Our activities include:

- Assisting blind persons in acquiring the skills of independence and developing confidence in themselves
- Supporting parents and teachers of blind children with information, mentoring, role modeling, and training
- Preparing blind students for careers and self-sufficiency through mentoring, training, and academic scholarships
- Encouraging blind seniors to continue to live active and meaningful lives
- Advocating for policies that eliminate discrimination, promote civil rights, and guarantee equal access to high quality educational and rehabilitation programs
- Sponsoring information campaigns and legislative action at the state and national levels
- Educating the public through community activities and publications

Spotlight on NFB of New Jersey

Since 1976, the National Federation of the Blind of New Jersey, an affiliate of the National Federation of the Blind, has been providing invaluable information and resources to blind/visually impaired people throughout the state. Our members work together for a brighter tomorrow by raising expectations for blind people everywhere so that blind persons can live the life they want. Our seven chapters meet monthly; our five divisions hold meetings and events at various times throughout the year. Please join us— we would welcome your participation and membership. For more information on the affiliate, chapters, divisions, committees, programs, and projects, visit www.nfbnj.org

Live the Life You Want

The National Federation of the Blind knows that blindness is not the characteristic that defines you or your future. Every day we raise the expectations of blind people, because low expectations create obstacles between blind people and our dreams. You can live the life you want; blindness is not what holds you back. Together with love, hope, and determination, we transform dreams into reality.

The National Federation of the Blind Pledge

I pledge to participate actively in the efforts of the National Federation of the Blind to achieve equality, opportunity, and security for the blind; to support the policies and programs of the Federation; and to abide by its constitution.

Meet our National Representative: Patti Gregory-Chang, Director of Outreach, Attorney, Advocate, Mother

After graduating from Harbor Springs High School in 1981, Patti planned to attend school with hopes of becoming a teacher of the visually impaired. After earning her teaching certificate at Michigan State University, she discovered a passion for law and enrolled in the University of Chicago Law School. Patti graduated from law school in 1988 and worked in the City of Chicago Law Department for twenty-eight years. She began her tenure in the Traffic Division and worked her way up to Assistant Corporation Counsel. In this position she prosecuted housing court matters in the Circuit Court of Cook County and handled collection matters for the Building and Land Use Litigation Division of the City of Chicago Law Department.

Patti became Senior Assistant Corporation Counsel for the City of Chicago Law Department in 1998. In this role she prosecuted cases, supervised attorneys prosecuting cases, coordinated law clerks and externs, and served on various committees and task forces. She belongs to several professional associations including the National Association of Blind Lawyers, the Association of Fundraising Professionals, and the Illinois State Bar Association. Patti currently serves as Secretary of the Disability Law Committee of the Illinois State Bar Association and as a member of the Administrative Law Section Council of the Illinois State Bar Association.

In 2016 Patti embarked on a second career, accepting the position of Director of Outreach for the National Federation of the Blind, the largest organization of blind people in the world.

In fact, Patti has devoted much of her free time to the National Federation of the Blind since joining in 1981. Patti currently serves as the 2nd Vice President of the Illinois affiliate of the NFB and has served on its National Board of Directors as well as working as national scholarship committee chair for some years.

Patti lives in Chicago. In her spare time, Patti and her husband love traveling, dancing, and enjoy spending time with family and friends. They boast of two successful adult children, Johnathon and Julia, and a wonderful grandchild, Kayla Ma Chang.
