

Paid Research Study Opportunity

Focus Pointe Global is looking to speak to people who have been diagnosed as **Legally Blind** as part of an upcoming marketing research study on Sleep Disorders.

Participants would be asked to share their opinions in a 55-min. **telephone interview** taking place in September & October . This is not a clinical trial and all answers are kept confidential.

Caregivers are encouraged to assist any interested parties in applying for this paid opportunity.

Earn \$150 for participating in this study!

Apply to participate by phone or online:

1-800-220-3730

ask for Adrienne ext 5803

or Christina ext 5804

What is medical market research?

Medical Research Studies help us gather the input of healthcare professionals, patients, and caregivers who know the reality and day to day challenges of dealing with certain medical conditions.
