TITLE: A survey of blind respondents about autonomous and self driving vehicles in the U.S.

Approved as Exempt

You have received IRB approval to conduct the above-listed research project. Approval of this project was granted on 11/3/2016 by IRB-02. This study is approved as exempt because it poses minimal risk and is approved under the following exempt category/categories:

2. This research involves the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior. Information obtained is recorded in such a manner that human subjects cannot be identified, directly or through identifiers linked to the subjects. Disclosure of the human subjects responses outside the research does not reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects financial standing, employability, or reputation.

Should the nature of the study change or you need to revise the protocol in any manner please contact this office prior to implementation.
