

Project INSPIRE's Nemeth in a Box A Student Activity and Research Project at the University of South Carolina Upstate

Come meet with students around the country to play games and sharpen your Nemeth skills at the same time! Spend your summer days socializing and strategizing your way out of the mysteries that lie ahead in the Nemeth Mystery Box!

The purpose of the related study is to examine the effectiveness of the extra-curriculum programming in helping YOU advance your Nemeth Code within UEB Contexts skills.

All materials will be delivered to you for FREE in the Nemeth mystery box that will allow you to join in the fun! What will you find? You have to join us to find out!

All events will take place on Mondays and Wednesdays in June and will last 90 minutes. The first session will be held on Monday, June 14th and continue until our celebration event on Wednesday, June 30th.

All events will take place on Zoom and a link will be sent upon receiving your registration. If you have questions, contact Dr. Tina Herzberg at therzberg@uscupstate.edu or 864-503-5572.

In order to participate in the study, students must:

- 1) read at the fourth grade level or above
- 2) be in grades 6-8, and
- 3) be familiar with Nemeth Code or currently learning the code.

To join us in our weekly adventure, complete a registration form at https://uofsc.co1.qualtrics.com/jfe/form/SV_bxyBAZDSiUq98RU
