

YOU are Invited!

VIA is seeking volunteers in the community to come test the new NaviLens wayfinding technology! This technology allows for blind and low vision bus patrons locate bus stops, track bus arrivals and be directed to the bus upon arrival at bus stops.

VIA is hosting this free event in the parking lot of the Public Theater of San Antonio at:

800 W. Ashby Pl, San Antonio, TX 78212 on

May 14th and 15th from 9am to 12pm.

Participants may be able to try our pilot NaviLens codes in a controlled environment and also at bus stops in the area.

VIAtrans patron participants will be given FREE rides to and from the site, bus patron participants will be provided vouchers for a free bus ride at the event.

Drop-ins are welcomed; however, we kindly ask to contact Martha Flores at martha.flores@viainfo.net to RSVP indicating that you will be attending the event.

For more information about the NaviLens technology and for bus stops that already have the codes, please visit:

[NaviLens - VIA Metropolitan Transit \(viainfo.net\)](http://viainfo.net)

Anyone who has already tried NaviLens is encouraged to click on the code below using their NaviLens app or follow the link to take a short survey and provide feedback.
