

# Blind and Low Vision Technology Expo

Saturday, September 28, 11 a.m. - 4 p.m.

MEO Central Library

4100 Virginia Beach Blvd, Virginia Beach, VA 23452

If you are experiencing vision loss, or know someone who is, then this Expo will give you the opportunity to learn about the tools that make living with low vision easier.

Learn about the Special Services Library, meet local experts in the field of low vision, test the technology, and network with others to make this new journey one that can make positive changes in your life.

Vendors and organizations will have demonstrations of useful items like the iPhone, CCTVs used to enlarge print, computer screen reader software, printed text readers, talking book readers and devices to identify money or colors. We will also have items for the kitchen, health aids, games and this year vendors will have items for sale.

**VIRGINIA BEACH  
PUBLIC LIBRARY**  
\*discover the world
