

SU IRB Approval #1210

SHENANDOAH™
UNIVERSITY

Participants Needed for Study Investigating the
Connections Between Low vision, Use of Technology, and
the Impact on Quality of Life

**Occupational Therapy students are looking
for adults with a low vision diagnosis willing
to share their experiences.**

Contact Callie Victor, OT
if interested at
cvictor@su.edu OR
540-542-6547

**Dates and times for participating are flexible and will
require one visit over Zoom. The visit will take
approximately 1 ½ hours.
Financial compensation by way of gift card will be
provided for participation.**
