

Our Pierce County Office needs a Job Developer!

**Put your sales experience to work
assisting adults with disabilities!**

Job Developer

And Make a Difference in
Your Community and Your Life!

Fulltime
Full Benefit Position

Join the best! Morningside is a premier provider of employment services to adults with disabilities and recently established a new office in Tacoma. As a Job Developer you are responsible for developing assessment and job opportunities for clients with disabilities in their area of interest; ensuring all services include ongoing, clear, and professional communications with all significant individuals and groups to maximize positive outcomes; and establishing and maintaining professional relationships with the business community.

Tasks include contacting local employers to locate appropriate jobs in occupations of interest to the client and assisting employers to combine, recombine, or customize tasks appropriate for the client.

This position is highly visible in the community, requiring interaction with a variety of employers, funding sources, and businesses in a wide range of environments, including marketing, education, and making presentations. *Knowledge of Pierce County business community a real plus.* We offer a great work environment, full benefits after 60 days of employment, 403(b) retirement plan, and a generous leave program.

We will train the right person!
