Morningside
809 Legion Way
Olympia, WA

POSTED 9/22/2017

Join Our Thurston County Transition Team!

Join the best! Morningside is a premier provider of employment services to students and adults with disabilities. As a Job Developer for youth you are responsible for developing or creating jobs in the community for each assigned student. Additional tasks include assisting students with disabilities in our Transition program to find internship sites, learn new tasks, negotiate transportation, and other assistance to ensure the student is successfully employed. Be responsible for ensuring all services are provided in a professional, supportive manner, including on-going and clear communication with all significant individuals and groups. Establish and maintain excellent relationships with employers to maximize positive outcomes.

This position is highly visible in the community, requiring interaction with a variety of school districts, employers, teachers, parents, funding sources, and businesses in a wide range of environments, including marketing, education and making presentations. A sales background and knowledge of the Thurston County business community a real plus!

If you have a background in sales, cold calls, closing the deal, ability to write professional correspondence, and an interest in the work please consider applying. We offer a great work environment, benefits after 60 days of employment, and a generous leave program. We will train the right person!
