

Are you a good listener?

Do you care about the wellbeing of people with
Developmental Disabilities?

The Ohio State University Nisonger Center is looking for individuals with developmental disabilities and their family members to be NCI interviewers. Interviewers will conduct face-to-face conversations with Ohioans with disabilities for the National Core Indicators (NCI) Adult in Person survey (www.nationalcoreindicators.org).

- Receive \$45 per interview carried out
- 30-60 minutes per interview
- Each interviewer is required to attend a paid training offered by OSU Nisonger Center
- Help is available for all interviewers through a 1-800 line to call and by email
- Interviewers will carry out at least 15 interviews per year
- Interviewers can schedule their interviews based on their availability
- Interviewers **must** provide or arrange their own transportation

Examples of survey questions:

Do you like your home?

Do you feel safe?

Do you have a paid job in the community?
